

NATIONAL CERTIFICATE: SUPPLY CHAIN MANAGEMENT NQF LEVEL 5 SAQA ID 74149 (166 CREDITS)

This qualification is designed for students wanting to pursue a career in Supply Chain Management.

Supply Chain Management (SCM) is the management of the flow of goods and services. It includes the movement and storage of raw materials, work-in-process inventory, and finished goods from point of origin to point of consumption. This course will equip you with the necessary skills to engage in the processes and inter-relationships across the supply chain so as to create sustainable value for organisations. It is aimed primarily at giving the learner technical, theoretical knowledge, practical knowledge and workplace knowledge and skills required in their chosen occupational/vocational area.

NB: All examinations are written at the HC College Blouberg Campus in Cape Town.

CAREER OPORTUNITIES

- Customer Service Manager
- Procurement Manager
- Logistics Analyst
- Supply Chain Analyst
- Inventory Analyst
- Materials Manager
- Warehouse Operations Manager
- Supply Chain Manager
- Transportation Manager

INTERNATIONAL COMPARABILITY

This qualification and associated unit standards have been evaluated with, and are comparable to the equivalent qualifications and standards on the following Qualifications Frameworks:

- Australian Qualifications Framework
- Dutch Purchasing Association (NEVI)
- US Institute of Supply Management
- US Supply – Chain Council

NB: Due to the extensive list, please contact us for more additional information

ENTRANCE REQUIREMENTS

- Mathematical Literacy at NQF Level 4
- Communication at NQF Level 4
- Computer Literacy and the ability to use databases and spreadsheets at NQF Level 3

RECOGNITION OF PRIOR LEARNING

The structure of this unit standards-based qualification makes the Recognition of Prior Learning possible. This qualification may therefore be achieved in part through the recognition of prior learning, which includes formal, informal and non-formal learning or work experience. The learner should be thoroughly briefed on the mechanism to be used and RPL assessors should provide support and guidance. Care should be taken that the mechanism used provides the learner with an opportunity to demonstrate competence and is not so onerous as to prevent the learners from taking up the RPL option towards gaining a qualification.

If the learner is able to demonstrate competence in the knowledge, skills, values and attitudes implicit in this qualification and/or unit standards, the appropriate credits should be assigned to the learner. Recognition of Prior Learning will be done by means of Integrated Assessment as mentioned.

The qualification is open to any learner in possession of a National Senior Certificate, a Further Education and Training Certificate or equivalent NQF Level 4 qualification provided that he/she is competent in the Communication and Mathematical competencies.

COURSE DURATION

Based on contact hours as determined by the accreditation body and based on HC College course progression structure and schedule:
